

## CURRICULUM VITAE

### SAMANTHA BRADDOCK

GDC no: 68068

Tel: 07799886850

[sjfbraddock@gmail.com](mailto:sjfbraddock@gmail.com)

I have nearly 30 years' experience in NHS and private dental practice. I enjoy being involved with education from undergraduate level and throughout our careers. I believe CPD activities and development of learning are key in providing a caring, holistic clinical service to secure patient oral health, which also satisfies the demands of stakeholders. My HEE role involves developing lifelong learning opportunities along with the LDN and MCNs to provide the skills required across the SW to care for our patients. Through my varied roles I understand the pressures of working in hospital and general practice situations, while juggling life outside dentistry. Dentistry can be an enjoyable and rewarding career, but at times it can be challenging. Sometimes we all need a little support.

I have found the mentoring process valuable for myself and in helping others to untangle thoughts to create pathways to move forwards. I have had the opportunity to use coaching and mentoring skills informally and formally to provide support where solutions are being sought to bring about change.

- 1994 - 1995 Associate, Edinburgh
- 1993 VT/DFT, Beverley.

#### Outside dentistry

I have a very large family and spend a lot of time catching up with them. I enjoy walking in mountains and camping, hockey, gardening, growing veg and cooking. I love scuba diving when I get the chance and swimming outside, although I am yet to persuade my family to join me in cold water.
